

LEE CROWNED NATIONAL UNIVERSITY CHAMPION!

Lady Thunderwolf Nordic Ski Athlete, Andrea Lee came away from the 2011 Canadian College University National Championships as the Overall Aggregate Winner. Lee, also a member of the National

Development Centre, was golden in 2 of the three races and picked up a silver and bronze in the others. Lee, a native of Black Creek B.C. has called Thunder Bay home for the last year while training, racing, and studying here throughout the year. She was very satisfied with her racing and attributes much of her success to the supportive and vibrant ski community in Thunder Bay. Lee's coach, Amanda Holdsworth stated after the championships, "Andrea is the prime example of the elite student athlete. She works hard in everything she does and her hard work has really paid off. She has brought Thunder Bay a National Championship Title and she should be proud of that! I am so happy and honoured to have Andrea on our team as she brings a positive attitude and is a total team player, I am very proud of her."

The Lady Thunderwolves Team came up short in their bid for their 8th consecutive National Title, narrowly losing out to a very strong team from the University of Laval.

The women skied very well throughout the week and ended their campaign, which included an OUA title, in second place overall on the national stage.
